EGS UNIVERSITY

About EGS

EGS is an outward-looking university with a growing international staff, student, and alumni community. We extend our reach internationally through partnerships with high-quality institutions across the world and support our students and staff to build meaningful global connections through international exchanges and collaborations. Our international research partnerships enhance the global reputation and impact of our work. By supporting the expansion of the education and research capacity of its partners, EGS-University contributes towards the higher education mission.

EGS University - Paris is an international multi-campus university. While maintaining the highest academic standards, EGS focuses on giving individual attention to every student in their academic endeavors and providing them with a multi-cultural well-rounded experience in and out of the classroom.

There is a high - level of interactivity between professors and students in which creative thinking is encouraged and students are constantly motivated to go beyond the theories and data taught within lecture halls by applying skills acquired through real-world situations.

Through this teaching method, students tend to develop strong analytical and cognitive skills which provide them with a foundation for their growth into successful professionals.

EGS exists in
Paris, Barcelona, Istanbul, Kuwait, Nigeria, India, Myanmar and China
We have partnerships worldwide and growing for more you can refer to our website for full list

EXECUTIVE DEGREES

Executive Degrees are a growing group of graduate degrees that offer a way to solidify your working knowledge into a tangible qualification.

An executive master's or Doctorate degrees are intended for mid and late career professionals who are employed full-time. Executive master's degrees are offered by schools of business, communication Sciences and health.

The programs are designed for Mid & late career executives who seek to grow their expertise and develop their skills for candidates that are looking for a way to expand their responsibilities, take on more leadership, and generally accelerate their career. knowledge of the domain is expected and required, students typically have three to four years of work experience and continue to work full time

executive master's and doctorate curricula focus on a particular area of interest and cover strategic topics for approaching problems within that sphere. At EGS we offer programs in leadership, human resources, sustainability, diplomacy, political science and information technology, among others. With the working professional in mind, programs often follow a part-time format and incorporate convenient course delivery alternatives. You may attend online lectures or followed by self-paced, online work and/or attend classes on evenings and weekends.
